Profile Summary

Always curious and eager to learn. I enjoy building clean, responsive websites and working with REST APIs. I've also explored integrating AI and blockchain into projects. Whether working solo or in a team, I'm focused on getting things done the right way.

Skills

Programming Languages: Java, Python, JavaScript

Frontend Development: HTML, CSS, React.js, Next.js, Tailwindcss

Backend Development: Node.js, Express.js, SQL, MongoDB

Version Control & Deployment: Git, GitHub, cPanel Hosting, Render, Vercel

Tools: Postman, VS Code

Experience

Full Stack Developer - Intern, Vishnupire – Remote Jan 2025 – April 2025

- Developed a MERN stack Patient Management System supporting IP/OP registration, scheduling, discharge, and visit history features.
- Implemented 15+ RESTful API endpoints using Express.js and MongoDB to handle patient data
- Designed 10+ reusable React components with Axios integration and Tailwind CSS.

Web Developer - Freelancer Jan 2024 – Present

- Developed 5+ responsive and user-friendly frontend websites for multiple clients using HTML, CSS, JavaScript, and React.
- Deployed and managed client projects using cPanel hosting, including domain setup and file management.

Projects

Stucert - Blockchain Based Certificate Verification System [Link](#)

- Developed a blockchain-based system for issuing and verifying tamper-proof digital certificates using IPFS and ICP, with a web interface for institutes and users.
- Tech Stack: MERN Stack, ICP, Motoko, Pinata

Jira Clone - Project Management Application [Link](#)

- Developed a full-stack Jira-inspired task management application enabling intuitive Kanban workflows, rising issues, and employee collaboration.
- Tech Stack: Next.js, Tailwindcss, Clerk

Portfolio - With Integrated AI Based ChatBot [Link](#)

- An interactive personal portfolio integrated with an chatbot that helps visitors explore me.
- Tech Stack: MERN Stack, Gemini API

Education

Lakireddy Bali Reddy College of Engineering, B.Tech in Information Technology Nov 2021 – April 2025

- GPA: 8.75/10

AP Model School and Jr. Collage, Intermediate(MPC) June 2019 – March 2021

- GPA: 910/1000

AP Model School and Jr. Collage, Class X June 2018 – Mar 2019

- GPA: 9.3/10

Activities

- Acted as coordinator for WEBIFY (Web Design Competition) conducted in LBRCE.
- Conducted a workshop on Web Development.
- Worked in a team to develop a website for Lakshya 2k24 fest.

Achievements

- Won 3rd Prize in AWS Hackathon conducted by LBRCE CSE Department.
- Solved 100+ leetcode problems.
- Won 1st Prize in Medha-Quiz during LAKSHYA 2k24 Fest.
- Secured NMMS Scholarship.

Certifications

- Full Stack Development with MERN by CISCO ThingQbator.
- Python Essentials-1 by CISCO Networking Academy

Workshops

- AWS in Real World Scenario by Brain-O-Vision.
- IoT & AI Workshop by IT Department, LBRCE.
- MERN Stack Development by IT Department, LBRCE.

Strengths

- Adaptability
- Passion for learning
- Quick learner
- Good leadership skills

Hobbies

- Learning new technologies & implementing personal projects
- Playing Cricket, Chess

Positions of Responsibility

President - Naxatra Web Dev Club

- Created a web development club aimed to simulate a software company-like environment within the college.

Student Coordinator - Swecha Organization

- Creative awareness camps in schools as part of bala swecha program.
- Promoting technology in rural areas.
